PROFILE

Experienced Frontend Developer with 4+ years of expertise in building responsive web applications using React, Angular, and TypeScript. Proven track record of improving application performance by 40% and increasing user engagement by 84% through optimized code and modern development practices. Expert in responsive design, API integration, and cross-browser compatibility with strong mentoring and team collaboration skills.

EDUCATION

2016 - 2021

NNAMDI AZIKIWE UNIVERSITY

- History & International Studies

2022 - 2023

CLASSVISA BOOTCAMP

- FRONT-END WEB DEV.

WORK EXPERIENCE

PAYEDGE

Los Angeles, California, United States

FRONT-END ENGINEER (REMOTE)

APRIL, 2025 - Present

PayEdge is a digital platform that empowers businesses to accelerate payments, build stronger partnerships, and scale efficiently through seamless financial interactions.

- **Optimized application performance by 40%** through React code splitting and lazy loading implementation
- **Reduced page load time by 2.3 seconds** by implementing efficient state management with Redux Toolkit
- **Built 15+ responsive UI components** using React and TypeScript, ensuring 100% cross-browser compatibility
- **Integrated 20+ REST APIs** with error handling, reducing data fetch failures by 60%
- **Collaborated with cross-functional teams** in agile sprints, delivering 12+ features on time
- **Implemented automated testing** with Jest and React Testing Library, increasing code coverage to 85%
- **Streamlined development workflow** using Git version control and CI/CD pipelines

TECHNICAL TOOLS

Frontend Technologies:

- JavaScript (ES6+), TypeScript, React, Angular, Redux Toolkit
- HTML5, CSS3, Sass, Bootstrap, Tailwind CSS, Material UI
- React Context API, React Hooks, React Router, Next.js

Development Tools:

- Git, GitHub, Docker, Webpack, Babel
- ESLint, Prettier, Jest, React Testing Library
- Chrome DevTools, Postman, VS Code, Figma

Backend & Database:

- Node.js,
- MySQL, MongoDB, Firebase
- RESTful APIs, GraphQL, Axios

Testing & Quality:

- Unit Testing (Jest), Integration Testing
- Code Review, Performance Optimization
- Cross-browser Testing, Responsive Design

ACTIVEEDGE TECHNOLOGIES LIMITED

LAGOS, NIGERIA

FRONT-END ENGINEER (FULL-TIME)

APRIL, 2025 - Present

- Developed 8+ modern web applications using React, Angular, and TypeScript, serving 3,000+ users
- Improved user engagement by 25% through responsive design implementation and mobile optimization
- Integrated REST APIs with 99.9% uptime, facilitating seamless data exchange between frontend and backend
- Conducted 50+ code reviews using ESLint and Prettier, maintaining 95% code quality standards
- Collaborated with UI/UX designers to implement pixel-perfect designs with 100% accuracy
- Mentored 3 junior developers in React best practices and modern JavaScript concepts
-

DECODE INVESTING

New Jersey, United State

FRONT-END DEVELOPER (PART-TIME)

Aug, 2024 - Present

- Enhanced user experience by implementing responsive interfaces, increasing mobile traffic by 30%
- Developed interactive dashboards using React and Chart.js, improving data visualization by 45%
- Optimized website performance through image compression and code minification, reducing bounce rate by 20%
- Collaborated with product team to implement user feedback, resulting in 15% increase in user satisfaction

GIGO PLANET SERVICES

ENUGU, NIGERIA

FRONT-END DEVELOPER (FULL-TIME)

JULY, 2021 - DEC, 2023

- Developed responsive websites using HTML5, CSS3, and JavaScript, supporting 2,000+ daily users
- Implemented version control using Git, reducing deployment errors by 70%
- Documented technical workflows and created training materials for 5+ new team members
- Collaborated with backend developers to troubleshoot and resolve 100+ integration issues
